A Rollercoaster Through the Psyche of a Melancholy Madman 12 MP3 Songs POP: Power Pop, ROCK: Grunge Details: Kilgore Trout 340 lbs of balls, is a ride through the life of lead singer and songwriter Jeremy Gray. Each song attempts to describe and capture in an alternative pop photograph a crucial moment that either failed or triumphed for the singer. Tracks such as Mustard or 21st Century Man rock with sarcastic tongue in cheek jabs at the soul. Making the listener almost laugh at the simplicity with which even the worst of situations can be spun into dark humor. While songs like Urban Folk Song and festival of Saint Peter paint a starker landscape of fear and regret. Even with the serious nature of the subject matter on 340 lbs, Kilgore Trout wears their most upbeat musical face never allowing the roller coaster stop.
