Melodic noisy indie pop rock 14 MP3 Songs ROCK: Modern Rock, ROCK: Emo Details: Force-fed too much sugar at an early stage of childhood development while in attendance at various dirty daycare centers throughout central Florida, the members of Lukali developed a need to constantly recreate the temporary sense of overwhelming bliss that could only be obtained by such detrimental, naive methods of upbringing. In order to combine their efforts to research and develop new ways to inspire such feelings of happiness and inner harmony, Scott Becker, Brian Johnson, and Vinnie Cosentino formed a collective unit dedicated to creating aural vibrations. Through their studies, they found that when specific combinations of sonic waves were arranged in sequence, the feeling of joy a child gets when taking that first sip of kool-aid could indeed be reproduced!
