It's all here; For those who have been looking for a succinct description for "world music", this is it.- World Music Central 10 MP3 Songs WORLD: World Fusion, FOLK: Modern Folk Details:

Tandava is inspired by the folk and classical music of India and Bangladesh, and draws upon the wealth of musical traditions from China, the Middle East, Africa, and the West. Tabla and polyphonic marimba provide the rhythmic and textural foundation for erhu, flutes, guitar, and vocals to soar over. Original compositions, dynamic improvisation, and arrangements of traditional styles bridge the ancient and the contemporary. Among Vancouver's most successful world music artists, the members of Tandava are trained in Carnatic, Hindustani, Chinese, and Western classical traditions. On CBC Newsworld, Adrian Harewood described the quartet as a metaphor for Canada in the 21st century. Tandava's unique blend of instruments, musical sensibilities, and ethnic traditions results in an original voice, created from and reflecting our rich intercultural environment. This CD has received MULTIPLE NOMINATIONS World Fusion category of the US Independent Music Awards Best Ensemble and Best World Group for the Canadian Folk Music Awards FAVOURITE WORLD ARTIST/GROUP/DUO OF THE YEAR of the 7th Annual Independent Music Award (Indies).
