

Mp3 The Viking - Miasma

[DOWNLOAD HERE](#)

Dub reggae ambient with touches of jazz horn lines and solos, live instruments, warm sounds. 11 MP3 Songs WORLD: Reggae, BLUES: Funky Blues Details: Miasma is another chapter of dub/ambient from the mind of the Viking (Robbin J Harris). Live instrumentation, live vibes. Spans from modern sounds to vintage Skatalite dubs featuring Mark Henderson and Miles Li on horns. Also on a few tracks here is the superb vocalist Marcia Seebaran (who incidentally also provided the cover photos). Ken Rose guests on one track playing guitar as does Joel Deerwester for one track on trumpet. Compared in many reviews to Twilight Circus and Bill Laswell these tracks are mostly on the mellow side of things. Big bottom and bass make it warm and cushy, especially on a dub sound system. Enjoy! Dub The Planet!
