Indie pop/rock from Seattle; paints a cinematic soundscape while remaining melodic and catchy throughout. 12 MP3 Songs POP: Beatles-pop, ROCK: Acoustic Details: Although Yesan Damen began in late 2004 as a solo acoustic project, it has evolved to an ever-changing cast of friends with eclectic musical tastes. Singer/songwriter Danny Kwak [formerly of autumn sonata] simply describes the upcoming release as a pop record mainly because it attempts to keep the focus on songwriting; however, most would agree that The Never Beginning Story, due in stores this February, displays a wide range of styles and despite the simple nature of each song, keeps the listener engaged with vast instrumentations and thoughtful lyrics.
