Finally An Easy Way To Completely Take The Guesswork Out Of Selling Online! Asking your prospects opinion is the only sure fire way to guarantee youre not wasting time and money developing products and content. When looking for a simple system I could use to conduct my own surveys online, I found that every solution available suffered from one or more of the following flaws... Ongoing Fees - Costly monthly or yearly fees to keep your surveys online. Limited Responses - Only allowing you to view the results of a limited number of responses. Limited Campaigns - Only allowing you to have a limited number of surveys online at any given time. High Ticket Price - Any that dont charge monthly fees can cost upwards of \$147

Web Poll Pro is a fully featured professional online survey script with the same power and functionality of the high ticket and monthly fee survey solutions. It is coded in php with a robust database driven backend, meaning it is very dependable. Once installed it will take less than one minute to publish your first survey online.
