a psychedelic, brit-poppy mix of sway tinny folk, pop and basal political thought 9 MP3 Songs POP: Bubblegum Pop, POP: British Pop Sugar Molly Songs Details: Amazon Mollies defy traditional genre classification offering a tasty smorgasboard of sway tinny folk, pop and basal political thought. Sugar Molly is the third Amazon Mollies CD released on Be In World Records, and offers a psychedelic, brit-poppy 9 song tribute to making music in a warehouse studio nestled with in a wet, cold, and foggy San Francisco. Recorded in February 2000 at Global American Studios, recording home to Rodent Records, this album was engineered and co-produced by Elton Ridge, whose impact is more than evident. You'll find the Molly-esque catchy tunes, copious harmonies and toe-tapping beats found in past albums, combined with Elton's production talents and studio full of toys masquerading as musical instruments. This album was a long time in coming, but well worth the wait!
