New Southern Style Music Of the Delta CrossRoads. From a Up and Coming label called Signed, Sealed, Deliverd Inc. Trying 2 bring a new style of gangster rap and hip-hop to the scene. 18 MP3 Songs HIP HOP/RAP: Hardcore Rap, HIP HOP/RAP: Hip Hop Details: I did this Compilation to make all hip-hop artist in my town come together because there's so much beef between the underground hip-hop world in 'Clarksdale'. So I came up with this ablum to modivate the artist to come together, to show how strong we can be as a city if we came together instead of apart in a town like this one. That's why we did a song called 'Tha Sip' short for MISSISSIPPI to tell how we live in the back woods of mississippi and how the industry looks the other way because of beef in our town for so long. So My vision was to get all of us together in this thing and make it stronger than it is already. And to do that I had to bring together some of the top hittaz together on this ablum which is only VOL 1, which is just the beginning of a new era. VOL 2 will have different artist and different ideas that I plan to bring together. \*check out more music upcoming artist and ablums on [myspace.com/signedsealedanddeliverdinc](http://myspace.com/signedsealedanddeliverdinc)
