The sun wouldn't go to bed without your sweet serenade." "Soothes my soul and brings me back to Hawaii every time I listen." "We pop it in the CD player and put it on repeat. It plays for hours while we work." Soft, magical, and sweet, ki ho'alu (slack key) acoustic guitar, was created and evolved by the people of Hawaii in the 1800's. In ki ho'alu music, the hands enter into a beautiful and intricate dance through which the essences of the mystical islands of Hawaii are expressed. Experience old Hawaii and the aloha spirit through Hawaii's own music.
