The self-taught musician (keyboards/drums) is able to play his way through a series of genres without losing his appeal or straying away from his laid back mood setting approach to music. As a teenager Deuce Maxwell caught the attention of Shock-G, the resident dual personality (producer/vocalist) of the multi-platinum rap group Digital Underground which led to a few meetings with the now defunct Jake records, needless to say nothing ever materialized. Fast forward a few years later, now as an adult, father, and CEO of his own independent record label Clickwest Entertainment, this childhood friend of Nick/Jive recording artist Nick Cannon is preparing to give the world the audio definition of the word "Smooth" so settle in for awhile because it's going to be a long ride with next household name to be Deuce Maxwell
