Straight ahead, Bebop and some nice treatments of popular classics. A record for Jazz Lovers. 13 MP3 Songs JAZZ: Bebop, JAZZ: Jazz Vocals Details: Hip Graffiti Presenting: Carol Fuller and Jay Myerson, widely-celebrated California musicians and leaders of the band Hip Graffiti. The upcoming release of their Jazz and vocal CD, "This Is: Hip Graffiti", promises to stir the souls of Jazz lovers of every flavor. "This is:" features twelve great Jazz standards, combined with two interpretations of non-Jazz themes, to create a perfect blend of sensational beats, complemented by powerfully-delivered soulful lyrics. We chose these pieces to honor the artists who have inspired and sustained us, and to express the joy and love we have for their music. It is our hope that we can make jazz accessible to every one, by use of modern arrangements of standards, with out losing it's sense of urgency, and the excitement of improvisation.
