Christmas standards performed as instrumentals in a jazz / pop style, featuring guitar, bass, keyboards and drums. VERY ENTERTAINING ARRANGEMENTS -- highly recognizable Christmas songs with tasteful and interesting pop/jazz improvisations. 11 MP3 Songs in this album (45:15) ! Related styles:

EASY LISTENING: Mood Music, EASY LISTENING: Instrumental Pop People who are interested in Mannheim Steamroller George Benson Larry Carlton should consider this download. Details:

ANNOUNCEMENT: "Jazzed About Christmas!" was a featured CD on radio station KCOZ - FM 91.7 in Branson, Missouri, during the 2007 holiday season!!! There's a reason why - get yours and find out.

Christmas cheer is here, with an entertaining, upbeat Christmas CD of traditional and readily identifiable holiday songs. The musical style is a nice mix of smooth jazz and instrumental pop. Great for everyone to brighten the holiday season! And this CD is a perfect Christmas gift for family and friends. In creating this CD, it was my goal to compose arrangements of some traditional Christmas songs that would appeal to the broadest audience. I focused on keeping the simple and basic song structure in place, while adding improvisational parts to enhance the songs melodies. Using different instrumentation also allowed me to add my own personality and spice to the songs. Finally, having played all the instruments on this CD allowed me to then translate these arrangements into songs that can be at the forefront of your holiday music listening or be in the background just to add some joy to the season. I'm sure you won't be disappointed! By the way, since we're talking about Christmas, please check out my other CD, "Running for Home", a pop/rock CD of original songs (the link is below). It would also make a great Christmas gift!

Thank you, Keith Crawford
