With an acoustic arsenal of original compositions, Pat's creative and raw modern jazz piano trio performs energetic, improvisational, passionate and introspective music you can turn up and journey with. 8 MP3 Songs JAZZ: Free Jazz, JAZZ: Smooth Jazz Details: NEW RELEASE from Indie Label: Liberty Hill Music

!!!! PAT COIL, an extraordinary - versatile talent, who's credits read like a Who's Who, headed into Wildwood Studio for this latest project armed with the necessities; superb original compositions. Waiting inside were bassist Craig Nelson, drummer Jim White, engineer Brendan Harkin, and all of the periphernalia they needed - grand piano, upright bass, acoustic drums and state-of-the-art recording equipment. However, for this recording project, nowhere in sight were racks of synthesizers, electric guitars, symphonic gear, fiddles or horn cases. This all-acoustic contemporary jazz trio project has all of the right elements; musicianship - excitement - depth - improvisation - composition - warmth and versatility. You will want to be able to give your full attention to this disc; close the doors - turn off the phones - have a glass of your favorite beverage - slip the disc into a great stereo system - sit back - turn up the volume - take the journey and enjoy it! Check out PATCOIL.COM to gain a full appreciation of this enormously talented musician. Pat's music is heard all over the world. He not only records his own CD's, he also composes, arranges, performs and produces music that is heard on television, film, radio, commercials, you name it....., as well as recording for and performing with a huge variety of well-known Artists. Pat's multiple abilities span all music genres. Pat is currently touring with Michael McDonald (yes - the incredible artist from the Doobie Brothers). Pat is one of those very rare talents. Go ahead and try TRUE NORTH - on the new Indie Label - LIBERTY HILL MUSIC - music worth your time!
