

# Mp3 Pig Farmers Of The Apocalypse - Electronic: Techno

[DOWNLOAD HERE](#)

Easy Listening Techno - What does that mean? Rich, full electronic music that is written for all listeners. Its not just your father's techno; it will be yours oh yes it will be yours. 9 MP3 Songs ELECTRONIC: Techno, ELECTRONIC: Dance Details: Greetings fellow Pig Farmers! As you know, it has been some centuries since human kind has obliterated themselves - and not undeservedly from our perspective. But now that the chemical levels have returned to normal and the prophesy of the ancient sisterhood, that 'All Men Are Pigs' has finally been fulfilled, we can now turn our backs on humanity and return to our enlightened ways and raise our young in peace. And that is the purpose of this inspirational CD. It contains all that was good about ancient man, albeit not very much, but their legacy of Easy Listening Techno lives on. While you are looking over our brochures and selecting from many huge parcels of unspoiled land, perfect for raising piglet progeny yet moderately priced, listen to these ancient songs of love, friendship, fertility, caring, and commerce. All of the music has been neticulously and accurately pieced together from the ancient scores and lovingly performed by these four young musical prodigies... The Pig Farmers of the Apocalypse The Pig Farmers are: Piggy Stardust Slim Piggins Arnold Oskar Mynar Veiner Produced by: Barry Mitchell Shawn Parr Recorded at: Backhouse Productions Mixing Mastering: Shawn Parr Mixed Mastered at: Muskrat Studios Special Thanks to: The Farscape cast crew for keeping Barry almost too preoccupied to make music, Jessica Robert Parr for letting Shawn mix all those hours, Paul Grove, Eric Papp and the other fine people at Summit Audio, Don Mackie, all those who listened to the samples and gave us an opinion, and anyone else who had lunches with us during the creation period of this music. All music 2004 Backhouse Productions. For information contact: info@backhouseproductions.com All sound design engineering 2004 Muskrat Studios. For information contact: info@muskratstudios.com
