Mp3 Psivamp - Neckrolust

DOWNLOAD HERE

Unlike any other CD PsiVamp has put together, as this is an example of images put to musick. 14 MP3 Songs ELECTRONIC: Techno, ELECTRONIC: Industrial Details: PsiVamp is a long running phenomena in the electronica genre ranging from Techno/Trance, Industrial, Ambient, to Goth. The CyberGoth and Graver crowd is his directed focus on live performances but he has the ability to switch genres based on the environment and crowd interaction, resulting with the mainstream public also enjoy his live shows as well as recorded material Influenced by the visualizations of Pink Floyd and the musical composition of The Alan Parsons Project he began to bleed over into a KMFDM/Juno Reactor type feel, with very deep pounding bass, omnious sounds from the deepest part of your soul and emotional driven melodies. Since 2000 PsiVamp has composed based on personal experiences and stories from friends, and in some cases has been the backdrop inspiration for up and coming electronic artist, by setting trends, and a pace in the field of technology enhancements to create a better "soundtrack" and "feeling".
