Smooth to Gutsy Blues-folk Guitar instrumentals 10 MP3 Songs  
BLUES: Guitar Blues, BLUES: Rockin' Blues  
Details: Tom has been playing the Guitar since he was 7 years old. He's played in a lot of groups including "The Biscaynes", "The Stiks", and other Southern California Bands. Born in Lorain Ohio, and grew up in Southern California. He has Produced demos for many artists in his studio, as well as doing sessions playing guitar in Los Angeles area recording studios. The "Right At Home" album is a collection of guitar instrumentals, with a style that could be termed "bluesy-folk." From the soft steely style of HOME ALONE BLUES to the acoustic finger-picking style on APPLEBLOSSOM SKY to the rock-blues WAITING FOR A TRAIN. While Tom doesn't profess to master all the instruments he plays, noteworthy on this CD is in fact that Tom does play all the instruments himself (Except for the harmonica on JAMMIN' L.A. BLUES, which features IronMan Mike Curtis). Tom is known for his unique style of guitar playing and clever arrangements. You can also hear Tom on an album on CD Baby called ECLECTIC ETC by Lisa Shea. Tom Produced and co-wrote. Please have a listen and we hope you enjoy it.
