Details: Erin Dionne wrote a book entitled "Models Don't Eat Chocolate Cookies" and it was picked up by Penguin/Putnam and published in February, 2009...during the writing process, she asked Dann if she could put his song "Ruby Red Hair" in her book. Of course the answer was YES! Then, when her editor and agent found out that "Theo Christmas" was a real person, they asked Dann to write a song for the book. Thus, "Dreaming Without You" was born - and is sung by Theo Christmas on page 236 of "Models Don't Eat Chocolate Cookies" and what else would you name an album that has songs sung by Theo Christmas except for "Presents"?
