The late MOTHER TERESA said: "Your work of love in nursing homes, hospitals, for the aged and unwanted is truly the work of peace!" Though much of the press coverage in TIME MAGAZINE, USA TODAY, MATURE YEARS and even NATIONAL ENQUIRER and the other tabloids has been about Bob's charitable work--this new cd, Bob's first studio recording in many years, will let the world in on what thousands of Bob's fans have known for years--that he is one of the finest interpreters of wonderful pop and classic country and inspirational standards we have on the planet! His voice and poignant delivery, along with the fresh, exciting arrangements on this new release, make each song his own and exposes their beauty to a whole new generation of listeners. Each song on this disc was hand picked and carefully arranged by Bob Neil Harding to signify a special connection between artist and material that Bob wanted to share with music listeners, old and new.
