A jazz, latin, pop approach to praise and worship. 12 MP3 Songs GOSPEL: Contemporary Gospel, JAZZ: Smooth Jazz Details: This C.D. is the result of three year project. A lifelong dream that one day I would release my own C.D. That dream became a reality the more I heard God speaking to me. The more I trusted him the more He directed me to the songs that would express my heart and reflect His love. The title song We Fall Down/Heart of Worship sprang to life one night in a friend's home. Since that evening, there has been an anointing that has covered that song, this C.D. and my life with the honor to serve our Lord and Creator.
