Details: ABOUT THE ARTIST Zhelyazko Zhekov is one of the famous producers in the field of the Bulgarians folklore. He is also musician, composer, arranger, teacher and as a whole connoisseur of the Bulgarian traditional and national music. During the years Zhelyazko Zhekov collaborate with many of the renowned musicians and performers of the traditional Bulgarian music. Despite of this he is always in search of young talents. In his album collection Nuggets of Gold, there are compositions that represent the national creation of the South-eastern region of Bulgaria. This is a place with very specific colour of this genre of music. Listen to the music and get into one different world. In addition, Zhelyazko Zhekov has included a bonus tracks 4 instrumentals from the performed music inside the album, which are FREE FOR USE, like home performing, karaoke or even available for remix with another style or instruments. NOW you can insert a blend from this marvelous music into yours. MUSIC QUOTES Bulgarian music has achieved special recognition for these odd-metered melodies and the unique vocalizations and once a person develops a taste for this style ... it becomes addictive. One reaches dizzying heights of pleasure when savoring this musical experience -- it lasts for hours and hours. You find yourself humming the melodies or tapping your toes or fingers to the odd meters unconsciously even when the music stops. Bulgarian music is an acquired taste but once you develop it - you definitely want to experience it more often. This CD is a delightful smorgasboard for those who have had a bite of this style of music and want to expand their musical horizons. - AMAdea Records, BULGARIA
