The Dust Rhinos are like that party everyone talks about years later. The best Celtic Rock Party music you can get. 11 MP3 Songs WORLD: Celtic, ROCK: Folk Rock Details: Winnipeg's top Celtic Rock band...fantastic on CD even better live. Up Your Kilt is the fifth CD release by the Rhinos and possibly the best. There comes a time in every bands development, where they have to decide if they are going to do the same thing over and over, or if they are going to allow themselves to grow. We reached that point after the "Sociable" album, and it was a hard choice to make. With the luck and success we have had, there seems to be something special that makes people keep coming to our shows over and over. The trick is how do we grow, while at the same time keep that something special? The answer is "Up Your Kilt". From the opening of "Road Trip" to the closing of "Going Home" we take you with us through each step of growth, while still letting you remember why you chose to take the trip in the first place.
