Show all album songs: Ten From The Well Songs Details: I arrived in Los Angeles in 2003 from San Francisco. Though I loved the City by the Bay, I never cared for the constant Chill and so now I generally have a smile on my face. I grew up in Congo, California, and a bunch of other places, so I like neighborhoods filled with people from the far corners of the world -- world citizens. It took me a long time to discover that I am a compulsively creative person, and I still have a day job that pays the bills. I started writing and performing about 10 years ago. My songs are about, well... girls, life, politics. Come join me. Peace and sweet dreams. James
