

Mp3 Nuno Filipe - S@nce

[DOWNLOAD HERE](#)

A lushful melange of pianos, orchestral and electronica, complemented with very special vocal appearances. All coming from a small garden in the middle of the Atlantic ocean. Give it a try. 11 MP3 Songs ELECTRONIC: Trip Hop, POP: with Electronic Production Details: Density transparency are both the twists of this fine work with no precedents at all in Portuguese music. Nuno Filipe takes masterful control not only of the composed themes, but also in the environments and colours that involves whom ever crosses its path. A careful production that sets the standards for a new age, and demystifies the creating good and creating even better, but made in Portugal. Please visit nicetripmusic.com
