

Mp3 Scott Gallegos - Est. 1976

[DOWNLOAD HERE](#)

Witty and catchy, great melodies mixed with emotionally driven lyrics. 10 MP3 Songs POP: Folkly Pop, FOLK: Modern Folk Details: Scott Gallegos presents an opportunity for thought in an absence of requirements. His music can be justly described as both intellectually stimulating as well as ambient. His ability to mix welcoming melodies and creative storytelling have captivated audiences since he hit the local Portland scene in 2005. His songs manage to find a way to speak to the core of the lost, the romantic, and the heartbroken all at the same time, while allowing all to find a point of empathy. "For a writer, the ability to be vulnerable can often make the difference between a song that is merely pleasing and a song that actually allows people inside to experience it for themselves, Scott's hospitality is on par with the latter. Whether it's a quiet cafe or a rowdy bar, Scott opens the door and asks everyone if they would like to come in...and they always do." "The songs that Scott writes traverse the fine line between poignant expression and ironic observation. Just when you think he's given you everything, Scott turns a corner and leads you through another unexpected journey." In support of his Debut album, "est. 1976", Scott has put together an amazing group of local musician. This 5 piece band will put forth to recreate the sounds pieced together to make "est. 1976" the listening album that it is.
