Accomplished, tuneful electro-pop. First UKH album, includes the vocal version of Immaculate - the bands first white-label Ibiza tune. 10 MP3 Songs POP: 90's Pop, ELECTRONIC: Pop Crossover Details: U.K.Heights' first album, "So Far" - recorded by the band in a bedroom, in the days when recording an album in your bedroom was still considered to be something of an achievement.... with this album the band set off on their journey towards true autonomy; building on the success of the White-Label, non-vocal version of Immaculate, "So Far" prepared the band for a decade of truly independent music making. Review from "The Ectohiles Guide to Good Music" (ectoguide.org); "This album consists of nice old-fashioned synth pop. Singer Mike Dunn sounds like a less deadpan Phil Oakey (Human League) and Claire Dunn's backing vocals are very distinctive. The music is dreamy and spacious and the songs catchy. "Arabella" is a lovely song and "Sacred Heart" sounds like it might have strayed off an old OMD-album. There's nothing original here, but it's still a very nice album." (stjarnell@yahoo.com)
