March 25, 2009 A Limited Time Offer From: Bert Plessers Re: AdSense Money Machine Dear Internet
friend, Want to turn your content into cash? If you have a content site that's ready to be taken to the next
level.... Or if you even have the slightest hint that creating content sites could be right for you... ...make
sure you take this income opportunity seriously. Google AdSense has proven for many who are looking to
make money online - it's better to display ads than to place ads. Just take a look at the advantages... * No
need to search for untapped markets or take a chance creating products that may or may not sell. * You
don't have to deal with customers, EVER! * You can still make a substantial income just from displaying
ads (some earn as much as \$25,000 per/month!) Here's how it works: Google AdSense lets you place ads
on your website. Every time a visitor clicks on an ad, you make money! Make no mistake, Google
AdSense performs better than any other advertising program out there. Just look at the benefits... *

Google AdSense runs by itself - set it up one time and let Google do the rest from here on out! * Google
AdSense matches relevant ads to your site! After automatically scouring your content, only the ads your
visitors are most likely to click make it on to your webpage. More clicks means you make more cash! *

Google AdSense lets you use text-only ads! Text ads won't slow your site down and have been proven to
be more effective than even animated ads! Google AdSense, Google Adwords And You! So many
businesses are running ad campaigns with Google Adwords (not AdSense) that virtually any topic you
choose for your content site, there will be an ad campaign ready to display to your visitors. These
businesses pay Google for clicks from targeted Internet users - and you get to take a cut when you have
Google AdSense running on your site! If You're Not Profiting From Google AdSense Now, You'll Hate
Yourself Later! If you've ever tried profiting from Google AdSense before, you know it takes more than just
setting up a website to start seeing any cash. Don't make the mistake of thinking Google will let just ANY
website join their program! The truth is, Google likes some websites better than others. I'll let you in on
the "top secret" industry conversations that will reveal how to set up your content site for maximum profit.

Inside my report, you'll learn my 5 step battle plan to Google AdSense profits. You'll learn how to format your ad blocks, research keywords, develop the right type of content and more! When you're done reading the insider tips, tricks, and techniques only the pros know - you'll feel like you've been ready for this your whole life! How To Take Advantage Of Google AdSense And Profit!
