A unique cd with its own individual sound and mood, crossing rhythm blues, jazz, blues and more. 11 MP3 Songs BLUES: Rhythm Blues, JAZZ: Jazz Vocals Details: 2 AWL DAWG was born in Leavenworth, Kansas some years ago and grew up listening to all forms of music including Blues, Big Bands, Gospel, Country and R&B. He really doesn't favor one type of music over another, it depends on his mood at the time. He played bass guitar with "The Royal Dixie Wonders" gospel group and with various bands before forming his own group "The Night People" for seven years. He produced his first record in 1964, a gospel record called "God Is A Wonder", by the Annetta Washington Singers, and has been recording and producing off and on ever since. He never thought about doing a recording of his own until it was suggested by an artist, Frank McLeod, with whom he was working. This is his first album. 2 AWL DAWG aka Mr B of KC will be releasing CDs on Frank McLeod, Miguel Jenkins, David K. Smith and DK The Absolute(Rapper) in the near future. He will collaborate online and offline with serious artists who are good at what they do. Any artist who likes the sound quality can hit him at his e-mail. Also check out the web site.
