"BELLIGERENTLY INTELLIGENT" 17 MP3 Songs HIP HOP/RAP: Rap, HIP HOP/RAP: West Coast Rap

Details: 2u TYME is a strictly independent artist "not" looking for a record deal from any major label "ever". All he needs is distribution but is currently running all operations out the comfort of his home. His style is almost undescriptive because the music speaks for more than just itself. This album is a mix of reality humor. Touching down on subjects such as poverty politics to handcuffin women over insecurities.(G'z up ho'z down) Basically, you can float in the boat or sink on the yacht. CHOOSE UP!!!
