! Related styles: URBAN/R&B: Neo-Soul, SPIRITUAL: Contemporary Gospel People who are interested in Sade Erykah Badu Yolanda Adams should consider this download. Details: International Music Award winning artist Aloa Harris returns with the much-anticipated follow up to 2006's By The Book with Portraits From A Storm. Combining smooth jazz, a throwback of 70s grooves and rich vocals that is today called Neo-Soul. A native of Freeport, Bahamas, Aloa Harris gives us hope that there are still artists around (just like back in the day) when you can enjoy an album from beginning to end, along with a ministry of encouraging words for those facing their own storms of life. Once again, this project was written and produced by Aloa's husband/artist Rod. Portraits From A Storm is a beautifully crafted, most vulnerable and highly personal piece of work that is centered towards the body, mind and soul. What a great way to get your groove back even while in a storm. It's ok, go ahead and dance on with Aloa Harris, a truly gifted chanteuse.
