An even blend of electronica and pop with a classical edge. 19 MP3 Songs POP: with Electronic Production, ELECTRONIC: Pop Crossover Details: Well, I know who I am and I know where I've been... but I haven't the foggiest idea where I'll end up, but I'm working on the getting there. I've always been creative, feeling the need to tell some kind of story for as long as I can remember. The good, the bad, and the ugly... trial and error has been crucial with the things I've done (FAR MORE ERROR THAN SUCCESS I don't mind telling you). I'm a writer, a singer, a musician, a painter, a photographer (it's all just a hobby) and an amateur art historian. I hope I can call myself a "professional" one day -- art history is a great passion of mine and that's where I plan to devote to rest of my days. In short: I adore the arts. It's not enough to enjoy them from the outside, I need to give it a go and attempt to produce my own (on a frequent basis). You can hear a few of my songs right here on this MySpace page, and you can visit my website to see all the rest of it. But most importantly, say "hello"! I want to hear from you.
