About the age of twelve, he broke away from classical piano and started to create his own musical compositions. Compositions of contemporary piano and perhaps a flair of pop as well. Later years, at the age of twenty-one, he joined a professional top 40 rock band who traveled the North Western states, as well as playing in local bands from time to time. Later in life, Christopher moved to Central Oregon, where he decided to Professionally record and release his first piano CD. His music consists of soothing, easy-listening meditation piano music, which is accompanied by strings, flutes, brass, and other synthesized sounds. The title of the CD; "A Moment of Peace," gives a true meaning to what this music is all about.
