

## Mp3 Michael Chandler - Watada

[DOWNLOAD HERE](#)

modern rock alternatively defined by heavy acoustic guitars 10 MP3 Songs ROCK: Modern Rock, ROCK: Acoustic Details: " Chandler is Watada. Watada is modern rock for the nostalgic... Landing somewhere musically yet more over cosmically between Ben Harper and Dave Matthews, with poetic attire paralleling at times Cobain or rock acoustic hipsters Gomez, Watada embraces modern artistic confusion with edgy and heavy acoustic guitar sounds like in "Move On" and "Freegun" that make me long for the thrust of a seemingly wounded rock revolution. Is Watada the word of the messiah or merely the quintessential bitch prophet wielding added clarity and proof? Who f---ing cares? This record kicks ass. " - Frank Rheen, Soundsinc. Magazine
