Soundtrack, Filmscore 19 MP3 Songs WORLD: World Traditions, CLASSICAL: Orchestral Details: I was a tremendous fan of Mychaels music for films such as The Ice Storm and The Sweet Hereafter and I am even more of one after working with him on Girl, Interrupted. Mychael is one of the few composers invigorating movie scores with new sounds and strategies. Listen for The Glass Orchestra playing on several of his tracks. Mychael found this amazing group in Toronto. They make music with only shards of glass, crystal goblets, glass flutes and harmonicas- its a haunting sound, like the rusted chimes of broken toys.
