Vision (importsoundandvision.com) and ISV ENTERTAINMENT (isvent.com) The song has been written by the famous songwriters trio Paul Drew, Pete Barringer and Greig Watts (UK). Review the writing about Secret Wish from an UK based label: 13. Secret Wish Flick Of A Switch Secret wish are an electronic duo from Belgium. Heidi Pintens sings and Kurt Vervaeke does all the other bits and sings as well. They jam pop and dance music together in order to put a smile on your face get you up and dancing. Its pure bubblegum, dancey stuff. David Says:One thing about Secret Wish, they are not trying to tell you they are something they are not. Pure saccharine pop this, and yes, it will get your tail twitching for the dancefloor. If you like your pop dancey with a good dash of cheese, you found your platter!
