

Quality And Reliability Of Large-eddy Simulations

[DOWNLOAD HERE](#)

From the contents - Part I Numerical and mathematical analysis of subgrid-scale-model and discretization errors. Part II Computational error-assessment. Part III Modelling and error-assessment of near-wall flows. Part IV Error assessment in complex applications. EAN/ISBN : 9781402085789 Publisher(s): Springer Netherlands Format: ePub/PDF Author(s): Meyers, Johan - Geurts, Bernard J. - Sagaut, Pierre
