Have You Always Wanted To Teach? Here Are Some Priceless Secrets On Being The Next Teaching Guru! Date: Friday, November 23, 2012 Dear Reader, Teaching has been a time honored tradition for hundreds of years. Whether you want to pursue a career in teaching or you wish to volunteer your time as a teacher, it is important to learn key techniques which can improve your teaching abilities. Without the right tools and information, it could take you years and cost you a small fortune to discover the secrets to teaching. Instead of spending a fortune on so-called experts or knocking yourself out with the old trial and error method, there is an easier way to be the teacher you have always dreamed of. Now theres good news I wont deny that there are a ton of books out there on teaching. Unfortunately the problem with most books on the subject of teaching is that they are either filled with plenty of promises and no solid

techniques and strategies to back up those promises or they contain only one or two pieces of useful information and not a comprehensive look at everything you need to know to succeed in teaching.

Introducing The Teachers Guide! Teachers Guide breaks the mold of all the other teaching books and manuals you have heard and read about. It presents solid, proven steps to help you learn how to be the teacher youve always wanted. Sounds too good to be true? Its not and I can prove it with Teachers Guide! But, first a word of introduction. My name is _____. A few years ago I found myself in a situation not too different from your own. Like almost everyone else, I longed to be a better teacher, but I had no idea where to start! None of the books I had read on teaching had been able to solve my problem. Some of them were so mired down in fancy words and technicalities that it was a miracle I ever got past the first chapter! Others might have passed on a helpful hint or two, but did not solve my problems. Thats when it hit me! If I couldnt find a comprehensive guide on teaching, then why not create my own? I was tired of flipping back and forth through tons of books for the few bits of information that could help me; but I reasoned that if I put all those little tidbits of info together then I might actually be able to begin understanding the secrets to teaching. The next morning I furiously began to read through all of the teaching books that I had purchased over the past three years and take down the pertinent notes. I didnt stop there either. I swallowed my pride and enlisted the help of people that I knew who had been personally successful in teaching. It took awhile to sort through all of the information I had gathered and compile the notes I received from the experts I consulted, but when I was finished I sat back and was completely stunned. Right here in front of me was the information that I had been seeking all along! From the notes I had taken from several articles on the subject of teaching, as well as my own experiments, I had comprised a comprehensive compendium on the subject of teaching. I sat back in stunned amazement! It was all there! The Work of the Teacher How to Stimulate Thinking The Importance of Play in Education Classroom Lessons The Importance of Individual Differences How to Cultivate Moral Attitudes Then I decided to try an experiment and put all of my hard work to the test. The next morning I awoke with new determination. This time I would not fail! Suddenly, I was excited! I absolutely could not believe the difference. Suddenly it was all so clear! I could easily implement proven strategies without having to wade through a mountain of fancy words and difficult to understand terms. What happened next was nothing short of amazing! These strategies not only worked, but the results were completely astonishing. As my success with teaching grew, I started to feel guilty. I knew there were a lot more

people out there who wanted the same solutions I had found. Somehow, it just didnt seem right to keep it to myself. One night as I made some changes to my book, I wondered how many other people might have the same problem? After all, if I couldnt find a decent comprehensive teaching manual, what were the chances anyone else could? Given the tremendous success I had encountered using my manual; I was sure that other people could take the same easy to read and understands strategies and achieve success as well. Right now youre probably thinking, Yeah, right. Theres a ton of teaching books out there. What makes you and your book so different? I wont deny for a minute that there are some good teaching books out there-after all Ive read most of them, if not all of them. The difference, however; is that my book blows all the others out of the water because it doesnt just focus on one area of the game. You get everything you need to understand how to teach successfully. Nothing, absolutely nothing, is left out. All the fundamentals are there. And thats just a small taste of what you will get when you order the Teachers Guide Absolutely everything anyone would ever need to learn how to successfully teach is contained within this impressive work. Okay, Im sold, but whats this incredible resource going to cost me? When I first began to think about putting my manual on the market, my first thought was to create a seminar where people could actually get the benefits in a hands-on way. I know not everyone loves to read, so that seemed to be a great solution. But, I quickly realized how time consuming that would be for everyone so instead, I decided I wanted as many people as possible to reap the benefits of this fabulous manual. So, Im willing to slash the cost just so you can take advantage of the incredible information within Teachers Guide. So, because of my hectic schedule, you can now take advantage of Teachers Guide for only \$37. The truth is that you will never be able to find the in-depth information found in any other book. Im so convinced that you can put the exclusive information contained within the Teachers Guide to immediate use that Im going to sweeten the pot a little and give you three special bonuses as a special reward for taking action immediately. [PLEASE INSERT BONUS #1] [PLEASE INSERT BONUS #2] [PLEASE INSERT BONUS #3] Together these three free bonuses are worth more than \$37 your investment in the Teachers Guide -- but theyre all yours absolutely free when you place your order today. You couldnt ask for a better deal! I know youre probably still skeptical and bit on the wary side. I can completely understand that. Its all too easy to waste a small fortune on books and manuals that promise you the moon and then deliver nothing. Believe me; I know. Ive been there. Thats why I want to offer you my: 100 Money Back Guarantee! If you dont agree that this is the most eye-opening, impactful and

practical information you have ever received on the subject of teaching, simply e-mail me and I will refund 100 of your money on the spot, no hard feelings, no questions asked.
