A middle aged submissive white male makes a simple judgment error. He never counted on his sexy female attorney and her well endowed secretary/partner to take it out in trade. His life was about to reach a new level, when he falls head over heels in love with the secretaries gorgeous sister. The Sister from Hell, is more than any sane man can cope with. It wasn't her ingenious chastity device that eliminated his masturbatory sessions, that was Child's Play. He couldn't imagine any female knowing far more about Dominant Women videos, film clips, books, stories, and groups than he did. What made it more intolerable, she knew exactly what his fantasies were, and was about to let everyone in on his most guarded secrets! She turns him into a puppy. Does she handle him with kid gloves, or use a leash until he's housebroken? 179 Pages 53,000 Tags: teasing, denial, forced humiliation, spanking
