I wont deny that there are a ton of books out there on wood turning. Unfortunately the problem with most books on wood turning is that they are filled with plenty of promises and no solid techniques and strategies to back up those promises. What happened next was nothing short of amazing! Introducing ... A Course In Wood Turning! That one little strategy from A Course In Wood Turning that I implemented not only worked, but the results were completely astonishing. I had never seen anything like it! Now, keep in mind that I had tried a lot of other products up until this point. You name it, I probably tried it! Thats how desperate I was to improve my skills with wood turning. Still, none of them delivered like this out of print book I found in a used bookstore! As my success with wood turning grew, I started to feel guilty. I knew there were a lot more people out there who not only wanted, but needed, the same solutions I had found within A Course In Wood Turning. Somehow, it just didnt seem right to keep it to myself. After all, its not like I wrote A Course In Wood Turning. I was just lucky enough to come across it one day. I started to think about all the ways that I could bring this information to other people who were struggling to achieve the same skills and techniques, like I had not so long ago. Thats when it hit me! Why not repackage A Course In Wood Turning in a more presentable format? You see, this amazing book had first been published more than 70 years ago. And while it was incredibly successful at the time, it eventually faded out the limelight. I was convinced that if it could be repackaged into a more usable and modern format, that it could bring the

same benefits I now enjoyed to many other people. That's when I decided to purchase the rights to A Course In Wood Turning and now able to offer it to you at a special price.
