Have Mercy N.J. Walters Second in the Project Alpha series. Earth 2133 Logan is an Alpha-a genetically enhanced assassin-who has escaped from the lab that created him. He is now outside the Gate, a high-tech shield that protects the enclosed city from the contaminated and lawless land outside. Shot while evading security forces sent to eliminate him, Logan's only goal is survival. Mercy Dockins is a healer. Her world is shaken to its foundations when a stranger is brought to her near death. As she heals him, her body and soul respond to him, overwhelming her with sexual desire. With little more than a look and a touch, passion flares out of control, consuming them both. But this stranger is dangerous to not only her well-being, but also to the safety of everyone she loves. And he has brought the security forces right to her door. Author: Walters, N.J.
