Clark's Molecular Biology Academic Cell Update examines aspects that shapes Molecular Biology. This Academic Cell Update Edition provides students with an integrated electronic study guide which includes current, relevant research from Cell Press along with tools to ease the integration of primary literature in undergraduate classrooms for both students and instructors... Academic Cell is a collaboration between Cell Press and Academic Press, two market leading publishers dedicated to life science. Cell Press is home to some of the most highly cited journals in the field of cell biology and Academic Press is known worldwide for publishing quality textbooks. Academic Cell textbooks contain premium journal content from Cell Press and are part of this new cutting-edge textbook/journal collaboration designed to help today's instructors teach students to think like a scientist. EAN/ISBN : 9780123814357 Publisher(s): Elsevier Science, Academic Press Format: ePub/PDF Author(s): Clark, David P.
