Hot Club Swing in the style of Django Reinhardt (aka "gypsy jazz") with vocals. Backed by three different Hot Club groups: Pearl Django (Seattle), Parisota Hot Club (Minneapolis) and Clearwater Hot Club (Grand Rapids). Features Django originals. 15 MP3 Songs JAZZ: Jazz Vocals, JAZZ: Traditional Jazz Combo Details: While working in Seattle with bass player Rick Leppanen a few years ago, I was introduced to his group Pearl Django and the music of guitarist Django Reinhardt. I fell in love with the instrumentation and the Gypsy influence in the music, and although I realized The Hot Club genre was primarily an instrumental one, I was dying to sing with them. Thankfully, Pearl Django gave me a chance, as did Robb Henry and the Parisota Hot Club and Sam Miltich's group, Clearwater Hot Club. Before long, I was in Hot Club Heaven! Hence this CD. "With her own delicious sense of swing, silken phrasing and sense of adventure, Evingson really nails Django's spirit on 'Gypsy', rummaging through his songbook (often with added lyrics) and other tunes that fit the mood, from Ellington's 'Caravan' to Sting's 'Until'" - Rick Mason, City Pages
