This singer-songwriter shares songs of life, love, and faith on topics as varied as the styles present on the project. Piano-driven pop, jazz, folk - it's hard to categorize, but pour yourself a cup of 'brew, and enjoy.

10 MP3 Songs POP: Piano, GOSPEL: Contemporary Gospel Details: Dave Miller resides in Lexington, KY with his wife of thirteen years, Kristin, and their two children, Seth and Sydney. He has been around music all of his life - it has been at the center of who he is. His experiences are unique and as varied as the climates he has lived in - Las Vegas, Michigan, and Kentucky but the commonalities of faith in God, family, and community, lived out through long conversations over coffee, have always been evident and shine through in his self-titled debut cd. "We set out to make a nice five-song demo to give to mom," says dave. "I guess it kinda grew." Recorded at Renaissance Studios in Short Hills NJ, produced by Steve Young, mixed in Manhattan by Ben Wisch, this project was fourteen months in the making and Steve, along with players Dave Owens, John Patitucci and some other friends certainly brought the best out of the songs. "After listening to dave's cd, I was pleasantly surprised by the quality of writing as well as the level of production." - Brian Nelson, Programming Director, WJQ FM, Grand Rapids

It's my hope that when people listen they get a sense that real life questions, in the context of an honest conversation (over a cup of coffee) can point you heavenward. And of course, I hope they dig the tunes, too! So pick up a copy and surf over to [davemilleronlineto](#) read all about it and let me know what you think! -Dave
