

Mp3 Emily Kaitz - Yuppie Scum

[DOWNLOAD HERE](#)

Emily's most popular album of humorous and quirky original material, featuring guest spots by Still On The Hill, Trout Fishing In America, Barton Sweeney (Mark Sweeney as the heroin addict at the bowling alley) and others. 12 MP3 Songs FOLK: Modern Folk, COUNTRY: Bluegrass Details: Emily Kaitz, a Fayetteville Arkansas resident since January 1998, cut her musical teeth in the vibrant club scene of Austin, Texas where she lived for 21 years and played "every place that had original acoustic music and didn't pay enough." An irreverent and often hilarious songwriter, she has a national cult following and has had songs recorded by Trout Fishing In America, The Austin Lounge Lizards, and Chet Atkins, among others. Trout Fishing's Ezra Idlet said, "Emily Kaitz is a jewel of a songwriter who can turn everyday life into extraordinary art." "Yuppie Scum" is perhaps her most popular album and features songs about playing Scrabble, being from the planet Neptune, delighting in long distance relationships which work better from afar than close-up, and other glimpses of life through her trademark warped perspective. The title song is about a bluegrass singer who drives a Mercedes and has a law degree. Emily tours regionally and nationally in a very sporadic way, based primarily on which friends of hers she feels like visiting. She performs as a solo singer-songwriter and also occasionally with the northwest-Arkansas swing/jazz band, "Outside The Lines" and her other band, "The Flukes of Nature."
