Veering between jazzy clean-strummed guitars and power-chorded crunch on their generally windy tunes...this is the rare band who talk about exploring "the boundlessness of rock music" in their press release and aren't totally bullmaketing you.-The Pulse 14 MP3 Songs ROCK: Psychedelic, POP: California Pop Details: Friendly No One is the Midwest rock dream of four Starry eyed boys, twisted inside a moody evolution over years of dedication, and has cloudy beginnings lost in Wisconsin river valley latenights. We Maintain the notion that the boundlessness of rock music remains neglected in the name of fame and its vast frontiers remain unexplored. Friendly No One is a four piece band with a unique blend of styles and various influences. The music retains a solid rock base but is infused with strong pop vocal hooks and dynamic sense of instrumental texture. Bands that have influenced FNO extend from the Beatles to At The Drive In, Radiohead to the Velvet Underground, not to mention Milwaukee/Chicago idependant rock circles.
