Smith, Rachmaninoff, Tchaikovsky, George Duke and Keith Thomas. It's evident in his style as a songwriter, producer and Praise and Worship leader. Ken spent six years as the music director and key songwriter for an all male Christian group, "His Image". When a Detroit-based record label signed "His Image", the group was able to expand their outreach and ministry to many. During that time, he also served as the worship leader part-time with Madison Square Christian Reformed Church in Grand Rapids, MI. While at Madison Square Church, he was able to develop and grow an 85-member choir and record 2 Praise and Worship CD's of all original compositions. He eventually accepted a full-time music ministry opportunity at Resurrection Life Full Gospel Church. While there, he was licensed as part of the pastoral team at Resurrection Life Church to help serve the over 7000-member congregation. He currently serves as the lead worship pastor for the Worship and Creative Arts department. For him, it is a privilege and an honor to serve God's people full-time doing what he loves to do-train others to be worship leaders and share God's music to lift up the name of JESUS! In addition to playing and instructing, studios and artists frequently seek after Ken for his musicianship and producing skills. Through the course of time, Ken has become one of the newest rising worship leaders for this century! He is a gifted songwriter, producer, and arranger who credits all he is able to do in the ministry back to God. In the last two years, Ken's songs have been selected and recorded by the Saddleback Church in California as a part of their internationally

renowned Song Seeker CD Project. Well-known artists such as Promise Keepers' Bishop Joseph Garlington and Morris Chapman have sung Ken's songs. Now, some of Ken's songs are being sung all over the world. Ken has had the opportunity to travel extensively throughout the United States and abroad, and has been invited to lead worship in Portugal, Africa and the Caribbean as well as various venues in the United States. He is looking forward to watching God move with the introduction of his latest and first solo CD "Great Things". To Him be ALL the Honor and All the Glory....Amen
