Music and stories that enspires kids without driving parents nuts. Best for ages 0 - 8ish. 9 MP3 Songs
KIDS/FAMILY: General Children's Music, SPOKEN WORD: With Music Details: Not only did I not have to force myself to listen to it, but I was happy to play it again and so were my kids. - LA Weekly If I had the choice to listen to Mary Poppins or Kate Mays, I'd chose the later. - Village Voice mrandmrsMays perform music and stories that are odd enough to inspire creativity in kids of all ages. If you are a huge fan of Barney you probably won't like them, but if you are interested in expanding your child's creativity and having a few laughs, this husband wife and toddler team is just what the doctor ordered. Besides Mrs. Mays has such a beautiful English accent that you can't help but be charmed. The report is that parents can actually listen to a mrandmrsMays cd 5 times strait and NOT want to throw it out the window. Democrats, you will love this because it's alternative enough to name a cowboy Jane. Republicans, you will love it because Kate is British, been classically educated and tells wonderful stories with superb diction. Greens, you'll love this cause we're Greens too.
