

The Greek Struggle For Independence: War Of National Liberation Or Social Revolution? - Nico S. Koppo

Armed uprisings, revolutions or civil wars do not come out of the blue. But what were the main reasons of the Greek war of independence? Some scholars have tried to explain this event as a war of national liberation, driven by a strong national identity amongst the Greek population. This essay intends to challenge such explanatory models by exploring the very diversity and heterogeneity of the several social groups within the movement for an independent Greek nation state.
