

The Power Of A Woman's Words - Sharon Jaynes

[DOWNLOAD HERE](#)

International speaker Sharon Jaynes believes that women have incredible power in their sphere of influence with the words they speak. Words are one of the most powerful forces in the universe, and they can be used for good or evil. When God created our world, He did so with words. He said, Let there be and it was so. While our words cannot bring into existence things that are not, they do have the power to build courage into a husbands life, instill confidence into a childs heart, fan into flames the dying embers of a friends smoldering dreams, and draw the lost to Christ. This book is for every woman who desires to use her words to build up rather than tear down, to encourage rather than discourage, to cheer rather than jeer. It is for all who desire to have more control over that mighty force called the tongue.
