He has sung six seasons with the Carnegie Hall Choral Workshop, founded by the late Robert Shaw, under the baton of Maestro Shaw, Charles Dutoit, James Conlon and Sir Neville Marriner, and was part of the 2002 workshop with Sir Andr Previn conducting Brahms Requiem. Chris sang two performances in September 2002 in Salzburg, Austria, including at the Dome. He has served as rehearsal accompanist under John Rutter, Sir David Willcocks, Helen Kemp, Constantina Tsolainou, Jim Litton, John Ness Beck and other notables, and has played extensively for the Diocese of Memphis for ordinations and workshops. In January 1996, Chris was the recipient of a two-week internship with The American Boychoir in Princeton, New Jersey where he assisted in preparing J.S. Bachs B Minor Mass with the New York Philharmonic and Maestro Kurt Masur. As an organist, Chris performed at the University of Illinois-Urbana-Champaign for the 1994 International Trumpet Guild; was the featured soloist by the Memphis chapter as the American Guild of Organists celebrated its centennial in April 1996, playing J.S. Bachs Toccata and Fugue in d as part of the "Worlds Largest Organ Recital"; appeared on ABC-TV on Easter Sunday, 1996 sponsored by the National Council of Churches; and played at National City Christian Church (the Disciples of Christs national cathedral) in Washington D.C. in 1999 and 2000. Chris has served as associate conductor-accompanist of The Gary Beard Chorale since its inception in August 1987, appearing in

concerts at Weill Recital Hall at Carnegie Hall, The Spoleto Festival (1992, 1994, 1997) and Europe (Vienna, Austria and Melk.) He teaches piano, organ and voice in the Lindenwood Studio of Music. He is the staff accompanist for the West Tennessee Metropolitan Opera Auditions. Chris has performed for numerous industrial shows including Federal Express, ServiceMaster, Merry Maids, Memphis Convention and Visitors Bureau, WONDERS: The International Cultural Series, and more. Chris has orchestrated over 200 titles, usually for performance by the Chorale or The Lindenwood Chancel Choir. His first international orchestration was in 1988 for soprano saxophonist/composer Anders Paulsson of Sweden. Chris 2003 calendar included performances in St. Louis, Houston, Tallahassee, Birmingham, Dallas, Oklahoma City, Columbus, MS, and of course the greater Memphis area. His 2004 calendar was as varied and full, including five performances at the Gold Strike Casino in Tunica, MS in October, as Music Director for "Clue -The Musical" murder mystery for the second year. One of Chris love is playing cocktail-style piano, something he has done since age fourteen for wedding receptions, parties, Christmas events, church functions and more. In 2003, Chris began a three-part series of CD recordings: "Do You Remember? The Piano Stylings of Chris Nemecek" draws upon a pool of repertoire Chris has used countless times over the years. His 2nd CD, "The Very Best Time of Year" is music for the holidays, and his latest CD, "Simply Delicious", is music for dinner. The CDs are available at area stores and can also be ordered from this web site. An exciting new adventure for Chris began with a commission of a choral-symphonic work, with text from the Old Testament book of Joshua, to be used in a documentary about NASA's Shuttle Columbia STS-107. The world premiere of the documentary, titled OF Good Courage, will be September 23, 2006 in South Padre Island, TX as part of the South Padre Island Film Festival. On February 1, 2003, as Columbia was re-entering the earth's atmosphere, it exploded over Sabine County, Texas, a rural community on the Texas-Louisiana border. The documentary will tell the stories of the local residents and their recovery of debris and bodies of the seven astronauts. These heroic citizens refused to accept compensation for any of their services (rather feeling this was their duty) from housing hundreds of searchers from neighboring counties, to feeding over three thousand hot meals daily to the recovery personnel. Click on the link "Be Strong" on his web page to read more of this incredible story, listen to the commissioned music, and find out more information about renting the entire work (for symphony, chorus and narrator) for performance.

Other recent distinctions for Chris has been the inclusion in the 2007 listing of Whos Who in America, the upcoming premiere of several choral compositions, and his teaching of The Artists Way class in October, 2007 for 12 weeks.

Do You Remember? Chris Nemecc Self-released * * *

On his cocktail-jazz CD "Do You Remember?," pianist Chris Nemecc offers gentle, sweetly played stylings of many a standard and classic, from Misty and I Left My Heart in San Francisco to Can't Help Loving That Man of Mine and Summertime (which is so haunting a tune, it works in just about any setting). Nemecc brings his own graceful personality to the proceedings as well as an unexpected adaptation or two, including Andrew Lloyd Webber's Memory from Cats and Did I Remember? from the 1936 Jean Harlow/Cary Grant film

Suzy. If you're in the mood, NemeC has quite the svelte touch. He holds a CD release party from 6-8p.m. Thursday at Amro Music Recital Hall, 2918 Poplar Ave. - Bill Ellis The Commercial Appeal As we were working at our computer, we picked up a CD and loaded in the player. The CD was one by local Memphian and professional musician Chris NemeC, entitled "Do You Remember?" The first thing to come to our mind was a dinner party and this music playing in the background beautiful, soft, relaxing piano accompaniment to an enjoyable evening. And even though we werent at a dinner party but working at our computer, we kept on listening all the way through because it was so soothing and good, very good. Whether you are entertaining friends or just want to set a romantic mood, this is the CD to do it with. -Anita Moyt, managing editor Family and Friends June 2005
