Alt-Country People who are interested in Neil Young Woody Guthrie Hank Williams should consider this download. Details: Although hes been dabbling in music his entire life, Dale Reynolds started dreaming true in earnest almost three years ago. The ground was fertile after a lifetime of preparation starting with backyard concerts as a 10-year-old singing Hank Williams and Beatles tunes in Anderson, SC to fronting mainstream and alternative garage bands in the suburbs north of Boston, MA as a young adult covering everything from the Alarm to X. Having honed his craft as a solo performing singer songwriter at open mikes, coffee houses and bars throughout New England for the past three years, Dale Reynolds is releasing his first studio recording. The EP title reflects the growth he has experienced as a performer who understands songs are best when shared simply and honestly in the moment - and thats never the same way twice. His songs and live performances feel as familiar as a cherished pair of worn and torn jeans fresh out of a wash of all in this together. Join him on a folk and alt-country journey through lifes moment. Youll be dancing in the aisles and wiping away tears with a heartfelt smile from sharing snapshots in song that we all travel on our way to becoming genuine. dalereynolds.net
